RCN FOR PROCESSOR

- ACA's interest in RCN standards and certification is driven by the fact that it should positively affect profitability of processors.

WHAT PROCESSORS WANT

- Right quality RCN!!
- At the right price!!
- The practice of governments in setting minimum price for RCN without any relation to the RCN grades needs to be reviewed.

ACA FOCUS

- Promote Standards in countries across Africa .
- Ensure that there is a fair basis for paying farmers.
- Encourage farmers to follow Good Agriculture Practices (GAP).
- Adopt better post-harvest methods.

WHAT WE DID IN GHANA

- ACA is supporting the Standards Board to set up standards for RCN.
- The objective of the Standard Board is to safeguard the image of Ghana Brands.

WHAT WE DID IN NIGERIA

- In collaboration with NCAN we are Supporting quality sensitization.
- Encourage government to work towards adopting Standards for RCN
- Promote education of farmers on RCN quality.

Thank you for listening!

Merci !!
